

# Flashlight Tag

# Flashlight Tag

It is a mix of tag and hide-and-seek.  
It is played in the dark.

One person is "It" and has a flashlight.  
"It" closes their eyes and counts to a high number. Everyone else hides.  
"It" opens their eyes and turns on the flashlight.  
The flashlight stays on during the game.

"It" searches for hidden friends.  
When they see someone, "It" calls out the person's name and shines the flashlight on the person.  
That person is out.  
When everyone is out, someone new is "It."
