Scientists and Engineers in Our Classroom: Group Roles

**Artist**
Draws any sketches, diagrams, or graphs.

**Builder**
Takes the lead in putting together materials.

**Gardener/Zookeeper**
Makes sure live organisms are cared for and treated with respect.

**Materials Manager**
Collects, cleans up, and puts away materials neatly.

**Messenger**
Asks questions of the teacher for the group.

**Organizer**
Makes sure group members work together and complete work on time.

**Recorder**
Writes down data, observations, and explanations.

**Speaker**
Shares the group’s final work or ideas with the whole class.

**Tester**
Takes the lead in carrying out investigations and testing designs.

**Questioner**
Asks questions of group members to make sure all points of view are considered.
